

REMARKS

In light of the above amendments and remarks to follow, reconsideration and allowance of this application are respectfully requested.

Claims 1-8, 10-12, and 14 are pending in this application.

Claims 1, 7-8, 10-12, and 14 were rejected under 35 USC 102(b) as being anticipated by Sakai et al. (Published U.S. application 2003/0012550). Claims 2 and 3 were rejected under 35 USC 103(a) as being unpatentable over Sakai in view of Lenihan et al. (U.S. Patent 6,169,843). Claims 4-6 were rejected under 35 USC 103(a) as being unpatentable over Sakai in view of Lenihan and Nakatani et al. (U.S. Patent 6,118,924).

Applicants submit that the independent claims (claims 1, 7, 8, 10-12, and 14) are patentable over Sakai, Lenihan, and Nakatani (collectively "the cited references").

Applicants' independent claims now recite that "said first AV stream is associated with a first play item and said second AV stream is associated with a second play item, said first and second play items are part of a playlist, and said second play item includes a reference to said clip information for said Bridge Clip AV stream and a reference to a clip information for said second AV stream." Supporting disclosure for the quoted recitation can be found in the specification at, for example, paragraphs [0267]-[0293]; and Figs. 32 and 37.

None of the cited references discloses the quoted recitation. Accordingly, Applicants believe that claims 1, 7, 8, 10-12, and 14 are patentable over the cited references - taken either individually or in combination - on at least this basis.

Further, since dependent claims inherit the limitations of their respective base claims, Applicants believe that dependent claims 2-6 are patentable over the cited

references for at least the same reasons as discussed in connection with the independent claims.

Applicants respectfully submit that all of the claims now pending in the application are in condition for allowance, which action is earnestly solicited. If any issues remain, or if the Examiner has any further suggestions, he/she is invited to telephone the undersigned at (908) 654-5000.

The Examiner is hereby authorized to charge any insufficient fees or credit any overpayment associated with the above-identified application to Deposit Account No. 12-1095.

The Examiner's consideration of this matter is gratefully acknowledged.

Dated: August 12, 2009

Respectfully submitted,

By
